**Dates and times for games are those available at the time of preparation of this programme.**  
**Weather conditions or other unforeseen circumstances may force changes with short notice to competitors.**

\* \* \*

The object of the game is to draw as close to the jack as possible and score points as follows: 4 points for the closest bowl, 3 points for the next closest, 2 points for the next and 1 point for the fourth closest.

The player with the lowest handicap subtracts his handicap from his opponent's and starts the game minus the difference. His opponent starts on zero. The first player to score 150 points wins the game. During play, should a player kill an end or send the jack into the ditch, his opponent is awarded 10 points. The toss of a coin decides who shall play first, thereafter the highest scorer takes the mat. The jack is placed mid way along the centre line. The length of an end is varied by placement of the mat.

**MEN'S CONSISTENCY RULES**

**Conditions of Play.**  
 Each year the Selectors award a handicap for all Bowlers in the Club. This handicap is used when playing Consistency Singles.

6. Failure to comply with the foregoing will result in the round being forfeited.  
 7. Wherever practicable a Marker will be provided for the first round of Singles Championships. Thereafter the losing entrant from each round shall be required to mark in the next round. Failure to comply may at the discretion of the Match Committee, invoke penalties as laid down in RNSWBA
